To whom it concerns

I am Carolin Brinckmann, the mum of Maximilian. We got to know Maialen Ezkerra in November 2017 when Maximilian was eleven months old and started with childcare at the International House for Kids ("IHK") in Munich, Germany. Maialen was one of four teachers in Maxis group at that time. After Maximilian left the IHFK in August 2019 to go to a kindergarten closer to where we lived, Maialen started as a babysitter for us, looking after Maximilian every few weeks.

When we first met, I was immediately absolutely impressed by her. From the way in which Maialen interacts with children, it is clear that she loves what she does and puts her whole heart into it. She provides this positive, happy and protecting environment for kids, is absolutely trustful and is doing an outstanding job as a teacher and babysitter. I could not recommend anyone better for a job as a teacher or babysitter than her!
